

If you want to go fast, go alone.
If you want to go far, go together.

- African proverb

EDUCATING THROUGH TECHNOLOGY

Since 2006

Powering Potential is a non-profit organization that uses technology to enhance education and stimulate the imagination of students in Tanzania while respecting and incorporating local cultural values.

TECHNOLOGY IN TANZANIA

2% of rural Tanzania is electrified

95% of Tanzanians do not use the internet

HELP POWER THE POTENTIAL

"I was really very impressed with the good work you exhibited in Dodoma. I therefore encourage you to continue with your efforts to enable people in rural areas to enjoy the benefits of information and communication technology."

- H.E. Dr. Jakaya Kikwete
President of the United Republic of Tanzania (2005-2015)
